

## DAYS

### In-office Appointment

When your care calls for it, it's usually best to go to your Kelsey-Seybold primary care doctor. Your doctor knows you and your health history and has access to your electronic medical record. A visit with your Kelsey-Seybold primary care doctor, instead of going to the emergency room (ER), can also save you money!

## AWAY

### Nationwide Urgent Care Centers

If you have to see a doctor when you're out of town or have a covered family member who is out of town or in college, you have access to Cigna's nationwide, in-network urgent care centers.

## ANYWHERE

Telemedicine services are an alternative when medical care is needed. These services are exclusively for KelseyCare members and available days, nights, weekends, holidays, and while traveling! Learn more about E-visits, Pediatric E-visits and Video Visits on the next page or visit [kelsey-seybold.com/telemedicine](http://kelsey-seybold.com/telemedicine).

## Online access for your HEALTH

**MyKelseyOnline.** Your secure portal to communicate with your doctor's office, schedule appointments, get most test results and more!

MyKelseyOnline Help Line: 713-442-6565

## NIGHTS, WEEKENDS, or HOLIDAYS

### After-Hours Nurse Hotline

Start by calling Kelsey-Seybold's After-Hours Nurse Hotline at **713-442-0000**. Our registered nurses can access your medical record and provide medical advice, refer you to an in-network urgent care center, schedule a next-day appointment, or page the doctor on call.

### Saturday Appointments for Children and Adults

When you or someone in your family is sick, our Clear Lake Clinic in Webster, Fort Bend Medical and Diagnostic Center in Sugar Land, Spring Medical and Diagnostic Center in northwest Houston, and Tanglewood Clinic near the Galleria are open 9 a.m. to 2 p.m.

Kelsey-Seybold is **available 24/7** if you have questions about urgent care, need to speak with an after-hours nurse, or need to have your doctor or your child's pediatrician paged. Call **713-442-0000**.

Four Kelsey-Seybold locations are also open on Saturdays to accommodate sick care for children and adults.

**If a situation seems life-threatening,  
take immediate action and call 911.**

# Urgent Care Centers vs. Emergency Room (ER)

## When to go to an urgent care center:

Urgent care centers can handle many **non-life-threatening** conditions such as:

- High fever
- Abdominal pains earache
- Insect bites
- Minor cuts requiring stitches
- Minor burns
- Muscle spasms
- Asthma attacks
- Rashes
- Urinary tract and pelvic infections

And because urgent care centers have X-ray capability, they can treat simple fractures and sprains. (See supplied list of participating urgent care centers)

## When to go to the ER:

If you have a serious condition – stroke, heart attack, severe bleeding, head injury or other major trauma – you should be seen in an emergency room. The ER is the best place for these and other critical conditions, including:

- Chest pain
- Difficulty breathing
- Severe bleeding or head trauma
- Loss of consciousness
- Sudden loss of vision or blurred vision

**If a situation seems life-threatening, take immediate action and call 911.**

## Take Advantage of ALL the Services and Conveniences Available to KelseyCare Members
